Dear Friends of the School Sisters of St. Francis,

Peace be with you!

We are happy to share with you the exciting news of a process just begun to build a Passion Garden on our property! This means an outdoor Stations of the Cross, a sacred space for us to commemorate the way of Our Lord's walk to Calvary and, ultimately, to Resurrection. This will be a place where the Sisters will pray, reflect, and lift up the needs and intentions of many. We are especially looking forward to having the names of our families, friends, and benefactors in the Passion Garden in some pretty wonderful ways!

We invite you to take a few minutes to look over the enclosed flyers which offer you an idea of sponsorship. Some of these ways are sponsoring an entire Station, benches, bricks in the entrance pathway, flagstone markers, trees, and other ideas. Check our website for a proposed map of the area and the flyers/order forms are there, as well. If you want to sponsor certain items, please fill out the form(s) and return them to us with your payment by check or online Paypal.

You can contact the project manager, Sister Mary Michael, at (806) 537-3182, ext. 21, or cell number (806) 683-8035, srmarymich@gmail.com, or through the website.

This project is in conjunction with an Eagle Scout project being done by one of our fine scouts in the Amarillo diocese. Your support for this project will also support Christian as he nears his goal of achieving the status of Eagle.

We are so grateful to each of you for your continued support and friendship. Know once again that we are praying for you every day and for your personal intentions.
